I'm creating a page with a form and a result that is a list of items. I'm looking to create a list of items in another div whenever a user POSTS. So far, I have been able to use the POST on a form, and the list is displayed as the default. For example: I've also been able to use ajax POST to load an image with the word "Thumbsup" or "Thumbsdown" into a div as the default, but I can't get it to do what I want it to do. I would like it to display one of the items as the default, then when the user clicks on the image, the page reloads, and it displays the item. With jQuery...
